

The Chrome Dinner

Makoya Supply Chain Holdings — Best Service Provider

Makoya Supply Chain Holdings was nominated for its exceptional contribution to the South African chrome industry, particularly through innovative logistics solutions, rail optimisation and its role in maintaining chrome exports during significant infrastructure and logistics disruptions.

A major achievement repeatedly highlighted is Makoya's successful migration of more than 2.2 million tonnes of chrome from road to rail since 2023, primarily through the development and utilisation of the Highveld Rail Terminal (HVD).

Nominators highlighted:

- * Migration of over 2.2 million tonnes of chrome from road to rail
- * Development of the Highveld Rail Terminal into an important chrome export gateway
- * Helping protect critical chrome export volumes during severe rail corridor disruptions
- * Developing alternative solutions in response to cable theft, vandalism and infrastructure constraints
- * Combining first-mile road transport, terminal operations and rail into an integrated logistics solution
- * Helping chrome producers maintain production and meet export commitments
- * Increasing rail utilisation and reducing reliance on long-distance heavy road transport
- * Improving supply-chain efficiency and resilience
- * Strong collaboration with miners, traders, transporters, terminal operators and rail providers
- * A reputation for consistent performance, integrity and exceptional service
- * Going above and beyond to get things done
- * Helping improve the competitiveness and sustainability of South African chrome exports
